FIRST SCHOOL**

School council meeting

We have school council meetings to keep us safe and decide how we want our school life to be. We use Democracy because it is important we make our own rules and we listen to everyone's point of view. Anyone can call a school council meeting but they have to get another pupil to second it. It is very hard work, but I enjoy it and it is fair.

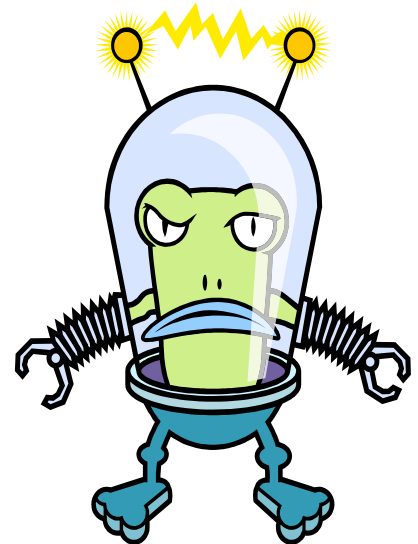

By Harriet

SPACE

We have learned that Earth is the only planet in our solar system with life. This is because we are the correct distance from the sun to have rain. The sun is a star it is a ball of burning gas. It must be very scary to travel in space.

By Hamish

BRANTON NURSERY

This year Branton School has a new nursery. It is going to be called the Breamish Valley Community Nursery. The children have lots of exciting things to play with. They come and join us for lunch. I like having them with us.

Cooking Club

We learn lots of skills in Cooking Club. It is really difficult to weigh the ingredients.

The hardest bit was making Greek honey cakes. Grace was team leader and she was very good at organizing us.

Next time we are making plain biscuits and Choc Chip biscuits.

They are always yummy to eat.

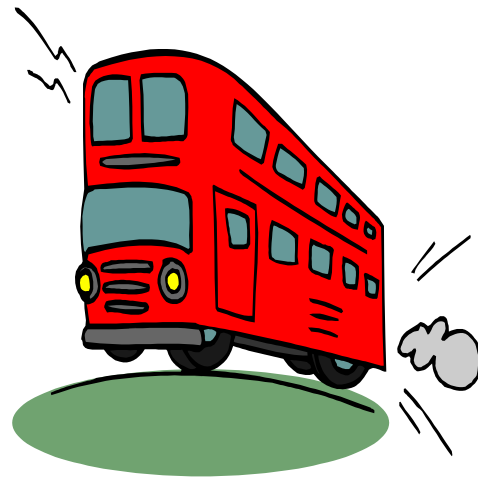

By George

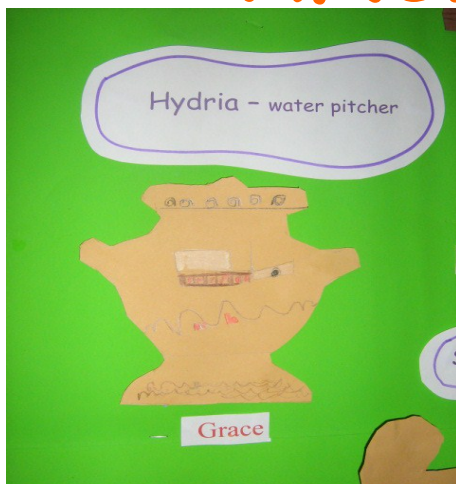

GOING TO GLENDALE MIDDLE

We go to the middle school in the fire van. It is bright red. Mr Pickup and Mrs Thompson teach us new skills. We work some of the time with year 5 and some of the time with Whittingham. It is tremendous to use the big gym and the fields.

My favourite activity is football rounders.

ANCIENT GREEKS

Ancient Greeks

I have enjoyed learning about the Greeks. The pots have told us about how they lived. The story of Odysseus and the Cyclops was very scary. The Olympic Games started in Ancient Greece, but only men and boys took part.
